**Dan, Shari, Ashley & Ryan Kleinjan**

Welcome Dairy Friends!

Our love for the farm and dairy cattle started at a young age. We both grew up on a dairy farm, milking many days as kids. After graduating from high school we both went off to college where Dan received a bachelor of science degree in business economics and Shari is registered nurse. We met after college and after we married we milked for Dan's parents and Shari's parents. In 1996 we purchased 80 acres of Shari's parents dairy farm and all of their dairy cattle. We milked 66-84 cows until the past couple of years when the kids went off to college. Our goal as dairy producers has been to develop cows that have good type, production and longevity.

Dairy has been good to our family. Through hard work we have taught our children responsibility, teamwork and a good work ethic. We enjoyed watching our children show dairy through 4-H and beyond. Since Ashley has graduated from college and is now working as a registered nurse she has found her love for showing cattle again. Ryan is currently a junior in college, majoring in Electrical Engineering. He also has a interest in showing and comes home from college on the weekends to help his dad on the farm.

One of Dan's main interest in dairying was AI breeding of home bred animals that would lead to good type, production and longevity. With this philosophy our classification results in August 2011 with 46 head classified--2 Excellent, 16 Very Good (Includes 4-2yr. olds), 15 Good Plus and 3 Good. In 2010 we received the Master Quality Award from Land O'Lakes and in 2009 we received the Progressive Genetics Herd Award from National Holstein Association. Our September 2011 RHA 23274M SCC 98,000 milking 2x per day.

Last January we lost one of our large dairy barns in a snow storm. With the loss of the building and the age of our existing facilities we made the decision not to rebuild and to sell our milking cows and bred heifers calving this year.

We look forward to seeing friends and new acquaintances on October 20. We invite you to look over our catalog and are confident that you will find cows and heifers that will fit into your herds. We believe that type and production really go hand in hand in producing profitability for all herds.

Sincerely,  
Dan and Shari Kleinjan
